

# PREM KUMAR A

## Junior Software Developer

9148823837 codewithredz@gmail.com LinkedIn GitHub Portfolio

### SUMMARY

Motivated and detail-oriented junior full-stack developer with a strong foundation in HTML, CSS, JavaScript, and hands-on experience with React.js, Express.js, and MongoDB. Passionate about building scalable, user-centric web applications from front to back. Eager to contribute to dynamic teams and grow by applying full-stack development skills in a collaborative and innovative environment.

### EXPERIENCE

#### InternShip

Apr 2024 - Sep 2024

##### Learning Links

- Collaborated with the development team to optimize and maintain the frontend codebase for internal tools and reporting systems.
- Contributed to building dynamic reports and dashboards using modern web technologies.
- Actively participated in team discussions, code reviews, and architectural decisions to improve performance and maintainability.
- Applied learnings from the internship to design and develop my final year project, integrating best practices from real-word development.

### PROJECTS

#### Bazario – Full-Stack E-commerce Web App

Developed a scalable e-commerce platform using React.js, Express.js, and MongoDB, featuring dynamic product listings, user authentication, and cart management. Integrated Razorpay for secure payment processing. Designed RESTful APIs and implemented modular architecture for maintainability and performance.

[GitHub](#) [Demo](#)

#### Resume Builder – Full-Stack Web Application

Engineered a dynamic resume creation tool using React.js, Express.js, and MongoDB, enabling users to input, preview, and download professional resumes. Implemented modular form components, real-time preview, and PDF export functionality.

[GitHub](#) [Demo](#)

#### Quiz App – React.js Frontend Project

Built an interactive quiz application using React.js, featuring dynamic question rendering, score tracking, and responsive UI. Implemented component-based architecture for scalability and state management with hooks for smooth user experience. Designed intuitive layouts and transitions to enhance engagement across devices.
